

REPAIR REFERRAL - GENERAL CONTRACTORS

MICHAEL ALIOTO | (415) 308 - 6453 | mike@aliotoandassociates.com

WORK AREA: San Francisco / North Peninsula / East Bay

WEBSITE: <http://www.aliotoandassociates.com>

BIO: Michael Alioto, a third-generation Bay Area artisan builder, began his career more than 33 years ago. Inspired by his grandfather, a Golden Gate Bridge ironworker, Mike learned early on the art of old-world and timeless craftsmanship. In 1984 Mike began building custom cabinetry with one of the area's most prestigious cabinet makers. Mike has built and installed hundreds of spiral staircases. In 1990 Mike built multiple custom homes with a developer contractor and in 1993 officially became a licensed contractor in his own right, going on to build a number of award-winning kitchens and bathrooms for various design build firms. Mike continues to follow his creative love of building. The team at Alioto and Associates has created a unique business model and highly skilled team of artisan craftsmen. Each team member is knowledgeable in all aspects of each job they build, so there is rarely the need to hire subcontractors. This keeps our quality and attention to detail in design and construction at the highest level with consistent efficiency and flow from beginning to end. We work with our clients to understand their needs, dreams, and budget while working with the architecture of the home to create a project that reflects their personality and essence. We have over 30 years of window installation and product knowledge experience, with an emphasis on custom windows, water leak prevention, and noise reduction. Thank you for your time and inquiry. We look forward to meeting you.

MIKE CAHALAN | (415) 279 - 1266 | mikecahalan@gmail.com

WORK AREA: San Francisco / North Peninsula

WEBSITE: <https://www.cahalanconstruction.com/>

Mike Cahalan Construction is a full service home remodeling and repair business that prides itself on its prompt and reliable service, its attention to detail, its drive to do the job right the first time, and customer satisfaction. We are thoroughly experienced in carpentry, painting, dry rot, stucco repair, siding, foundation repair, kitchen and bath remodeling, windows, doors, seismic work, bracing, bolting, shear wall, and apartment maintenance and repair. Licensed, bonded, insured.

SCOTT FRANCIES | (415) 816 - 1770 | scott@franciesconstruction.com

WORK AREA: San Francisco / North Peninsula

WEBSITE: https://www.houzz.com/pro/webuser-263086543/_public

We have been in construction for 30 years and are very skilled in all the trades. Francies Construction is known for completing beautiful functional remodels in a timely fashion. We maintain a very high level of communication with our clients throughout each project. We only take one or two projects at a time so we can stay very focused on your job!

ROBERT HAUSER | (415) 609 - 7031 | bobhauser@live.com

WORK AREA: San Francisco / North Peninsula

WEBSITE: www.roberthauserconstruction.com

BIO: Robert Hauser Construction is a general building contractor specializing in residential remodeling work in the Bay Area. I have 30 years of experience completing everything from small seismic upgrade work to whole house remodels. I will provide a free estimate for your project. I have all the necessary insurance, including workman's compensation coverage. I take pride in my work and my ability to provide a professional experience. I will spend whatever time necessary to ensure you understand the work and cost. I find that a successful renovation starts with good communication. Your satisfaction is my goal and I will not be satisfied until you are satisfied. I am available for seismic upgrade work, including foundation bolting, shear wall construction, grade beam installation, rear extension stabilization, and addressing soft story requirements. I have extensive experience in remodeling bathrooms and take pride in planning this work so it can be accomplished quickly with a minimum of inconvenience. I have good relationships with a number of cabinet suppliers in the area to make your kitchen into the space that you always dreamed you would have! Careful planning is essential to kitchen success, and I always take the time to be sure the details are what you expect. I am able to take on smaller projects as I have a skilled workforce that can take responsibility without constant attention. Concrete repair, window and door adjustments, bath and shower safety handrails, stair safety and general door and hardware tune-ups are just a few of the tasks I can help with! I enjoy a challenge and will fix that leaky window or skylight quickly and efficiently. Please contact me at your convenience so we can set up an appointment to discuss your project.

DANILO MAKSIMOVIC | (415) 290 - 6606 | dmaksimovic00@yahoo.com

WORK AREA: San Francisco / North Peninsula

BIO: Hi everyone. I always aim to make sure the job gets done properly and the customer is happy. I have over 20 years of experience in flooring and carpentry jobs. I'm an honest person and will give you my professional opinion. If I don't believe I can do a job right then I will not accept the job and will be up front with you. Specialties: flooring installation, woodworking, sanding, staining, repairs, baseboards, molding, stair repair, new stairs. No electrical or plumbing. Thank you for your interest. I look forward to working with you!

ANDREW MIHAILOVSKY | (415) 661 - 4771 | am@amgcb.com

WORK AREA: San Francisco / North Peninsula

BIO: Born and raised in San Francisco. Started in the trades working with a contractor, then became a general contractor in 2000. I work in a wide range of home repairs, remodeling repairs, kitchen and bathroom remodels, door and window remodels, retrofits, room and home remodels. I like design-and-build jobs that make living easier and working with clients to solve home problems. I can also do smaller handyman type jobs.

DENNIS TUPPER | (415) 424 - 7429 | idealcarpentry424@gmail.com

WORK AREA: San Francisco / North Peninsula / East Bay

BIO: Established in 1990. Full service: carpentry, remodel, upgrades, single and second Floor additions, window replacements, kitchen and bath remodels, termite repairs, decks and fences.
