COLE HARDWARE'S
Hardware Hotline
 November 2016
 NEWS AND VIEWS FROM AROUND THE STORES

COMING SOON!
2 New COLE HARDWARE Stores!

Hello, North Beach and SOMA!

Last month we announced our new South of Market location—and now we're announcing a North Beach location, too! Not one, but two new stores! Opening a hardware store from the ground up is crazy-complicated and tons of work. Opening two simultaneously is, well, crazy-nuts. But nuts we are! We have a wonderfully talented and dedicated management team, anxious to take on this challenge. And here we go.

to secure a lease, but with no success. There have been many, many requests from North Beach residents and businesses for us to join their community. With a grateful nod to Supervisor Aaron Peskin for his insight, we began working on securing the former Piazza Market last April. Fast-forward six months, and we've finally signed a lease—a long one that will keep us part of the North Beach community for many, many years to come.

Our New North Beach Store on Vallejo at Columbus

I have yearned for a store in North Beach probably for 20 years. We've tried numerous times

Our New SOMA Store on 9th at Folsom

Immediately after the fire that destroyed our Mission Street store, we began searching the City for new locations. We found one at 9th and Folsom in SOMA. It is a large store—6,000 square feet—and has enough warehouse and office space for us to replicate the

A Word to Our Mission Street Patrons

We are saddened to no longer be part of the Mission neighborhood, but we definitely plan to return. We wish we could wave a magic wand that would allow this to happen immediately, but regrettably, that isn't the case. We're still looking for a suitable location in the Mission, and if we can't find one, our former landlords have agreed to let us back in when they rebuild (rebuilding, unfortunately, will likely take several years).

Meanwhile, we've kept all of the Mission staff working at our other stores and will be placing them in permanent homes when we open our new stores in SOMA and North Beach. We hope you'll rejoin us at our SOMA store, the closest location to the Mission for

now, when it opens early next year. In the meantime, we offer you delivery to your door, and please contact us if we can be of service to you in any way. We wholeheartedly wish to remain an active member of your community. Thank you very much for your support and understanding.

Coins for the Community and Food Drive for Seniors

Friday, November 18–Monday, November 21

The Bay Area is home to some of the wealthiest people on earth, but also to thousands of seniors whose income level falls below the federal poverty line. These seniors live with the daily threat of hunger. Being food-insecure can worsen chronic health problems that can in turn lead to hospitalization.

Food is a basic human need, and without an adequate diet, people cannot fight off disease and infection. Low-income seniors must often choose between purchasing food or buying medicine.

Groceries for Seniors in San Francisco and St. Paul's Pantry of Hope in Oakland distribute nutritious, fresh food to more than 1,000 senior citizens every week.

Without their help, many of our elderly neighbors would go hungry.

In the spirit of holiday giving, drop your spare change in our collection jars on your next visit and bring in canned or other non-perishable food items the weekend of November 18–21. Your November donations will go to help these programs provide food to those in need, not just during the holidays, but throughout the year as well.

Bring any canned or other nonperishable food items you would like to donate to any of our stores November 18–21.

Holiday Card Workshop for Kids

Saturday, December 3

1:00 pm–2:00 pm or 2:00 pm–3:00 pm

All Cole Hardware Stores • \$5

Grandparents love the handcrafted masterpieces their grandchildren create, and kids will enjoy our hands-on holiday card workshop! They can make a Christmas card for Santa or Grandma and Grandpa or a Hanukkah card for someone special.

We'll provide the card template, envelope, and all the bling for decorating the card. Kids will receive a \$5 gift card after the class toward holiday shopping. Children five years of age and older are welcome to the workshop. Visit ColeHardware.eventbrite.com to sign up. Spaces are limited, so sign up your young Picasso today!

Polk Street: Tina Passes the Torch

As we celebrate our Polk Street store's 13th anniversary this month, we are also celebrating our new management team of Leo and Tim. Polk Street regulars may have noticed that longtime store manager Tina hasn't been around in recent months. Tina was set to take the reins of our Mission Street location on July 1, but the devastating fire threw a wrench into those plans. Leo and Tim still took over our Polk Street location, and Tina's years of human resource experience and her background in education were put to good use throughout the business, focusing on a staff training program. You'll still see her now and then at the Polk Street store. And, Tina will be the manager of our new store in North Beach!

Now, about our new store manager Leo and assistant store manager Tim: As with many COLE HARDWARE managers, both Leo and Tim started out as cashiers and worked their way to their current positions. Both were fortunate to have been mentored by Tina, who just celebrated her 20th anniversary with the COLE HARDWARE family.

Leo was the Polk Street assistant store manager before taking the helm as store manager at Polk Street. He and his family are from Mexico, so he is one of our many fluent Spanish speakers. A family affair, Leo's brother Jose was the assistant store manager at Mission Street. Jose is lending a hand at our Cole Street store these days, until we open our new stores, and Leo and Jose's sister Yoselin pitches in cashiering around the business between semesters at college. Leo is an avid do-it-yourselfer at home, creating coffee tables,

bookshelves, and frames, so he is an excellent resource for projects.

Most recently, Tim served as inventory coordinator at our Polk Street store, before stepping up to the role of assistant store manager. In his spare time, Tim is an accomplished photographer, and he takes the professional photos of our fabulous window displays, which will be highlighted in our soon-to-be released window blog.

Leo and Tim are devoted to carrying on Dave Karp's legacy of providing excellent customer service. They are excited to be putting together a series of hands-on workshops. Feel free to reach out to Leo and Tim with any questions on anything you might need.

SMALL BUSINESS
SATURDAY
NOVEMBER 26

Shop local on Small Business Saturday and every day! Locally owned businesses reinvest in our local economy at a 60% higher rate than chain and Internet retailers. They support other local business professionals and retailers. Indeed, COLE HARDWARE's accountant, attorneys, benefit providers, and insurance broker are all locally owned businesses. And whether it is for store supplies or products needed to service our customers, a large amount of our product sourcing is also from locally owned businesses. Chain and Internet retailers send these types of purchases back to their home cities or elsewhere in the country.

A 10% shift in consumer spending, from chains and Internet retailers to favorite locally owned businesses, will create 1,300 new jobs and over \$190 million dollars in increased economic output in San Francisco alone. Imagine if that were multiplied across the Bay Area! Consumers don't need to spend more—just differently—in order to provide this benefit.

The diversity and “local charm” of our neighborhood shopping areas contribute greatly to tourism and, of course, to the reasons so many of us like to live and work here. Small Business Saturday is a day dedicated to supporting small businesses across the country. This is a great opportunity to support your favorite local business or to try a new one—even if it's just buying a cup of coffee at a locally owned coffee shop!

All of our stores will be participating in Small Business Saturday!

Holiday Happy Hour

Cole Street, Polk Street, and Fourth Street Stores

3:00 pm–7:00 pm

Shop with COLE HARDWARE and other local merchants along our charming business corridors. Once again we will be offering wine, refreshments, and special deals. Parents can enjoy a glass of wine, and kids can enjoy hot cider or cocoa and a gingerbread cookie.

Basic Knife Skills Workshop

Wednesday, November 9, 5:30 pm–7:00 pm

2254 Polk Street • \$10

Wish you had better skills in the kitchen? Now is your chance to learn knife techniques of a professional chef! Our friend Joel from Zwilling J.A. Henckels, manufacturer of quality German-made cutlery, will lead a hands-on workshop. You'll learn basic grip and movement skills, along with mincing, cubing, julienning, and more.

Impress your in-laws this holiday season by

whipping up something special for Thanksgiving dinner. Space is limited, so sign up today. Your \$10 registration fee will get you a \$10 COLE HARDWARE gift card and our signature COLE HARDWARE bar board (a 6" x 8" bamboo cutting board that is perfect for slicing lemons and limes when you make home cocktails). Visit ColeHardware.eventbrite.com to sign up.

Time Change Reminder Sunday, November 6

Clocks are moved one hour back this year on Sunday, November 6, at 2:00 am. If you set your clocks back on Saturday night, November 5, before you go to bed, you'll awake Sunday morning to the correct time. While this means we gain a precious hour of sleep, it also means that it gets darker an hour earlier.

Well-lighted entryways help prevent accidents, as well as discourage would-be burglars. Motion-activated lighting turns on when movement is sensed and saves energy. Both decorative and floodlight styles are available, and many models feature a sensitivity control to adjust the range of distance for sensing motion and to select the length of time the light stays on after motion has been detected.

COLE HARDWARE offers a variety of motion-sensing options, including the Light It™ wireless LED porch light, which features a floodlight-wide ultra beam. It's weatherproof, and no electricity is necessary, allowing for instant installation. (Sku 3266087, **HOT DEAL \$24.99** Regular price \$31.99)

At the recommendation of fire departments across the country, take this opportunity to also check the batteries in your smoke and carbon monoxide detectors or install new ones.

The Sharpest Knife in the Drawer

Arguably the most important tool in the kitchen, a sturdy, sharp knife will make any cooking experience more enjoyable. Professional chefs even carry their treasured knives from job to job. Zwilling J.A. Henckels, the manufacturer of fine German cutlery, celebrates 40 years of their Four Star line with an exceptional deal—just \$40 for any of these quality knives, well below the MSRP and even lower than our already-discounted regular prices!

5.5-Inch Prep Knife: This amazing prep knife will become the go-to knife in your kitchen. It excels at a multitude of tasks—peeling and chopping vegetables and fruit, slicing meats and cheeses, butterflying chicken breasts, deveining shrimp, and much more. The well-designed blade allows for plenty of knuckle clearance when you're chopping on a cutting board yet is small enough for in-hand paring tasks, such as peeling and trimming apples and potatoes. Cooks with small hands will appreciate the compact size of this versatile knife. MSRP \$75.00 (Sku 660045, **HOT DEAL \$40.00** Regular price \$49.99)

7-Inch Chef's Knife: This sturdy, heavy knife features a broad, strong blade and fine cutting edge. This all-around knife for professionals and home chefs is suitable for chopping herbs, cutting vegetables, and slicing and dicing fish and meat. The chef's knife can be used in the circular, rocking, and chopping motion. MSRP \$115.00 (Sku 660047, **HOT DEAL \$40.00** Regular price \$49.99)

6-Inch Santoku Knife: Gaining popularity in recent years because of its versatility, this Asian chef's knife has a broad blade and an especially sharp cutting edge. The standard of the Asian kitchen, a santoku knife can be used three ways: preparing a meat, fish, and also vegetables. It's best used in a chopping motion. MSRP \$125.00 (Sku 660046 **HOT DEAL \$40.00** Regular price \$49.99)

Knife Sharpening

After your holiday turkey has spent all those hours in the oven, filling your home with a glorious aroma, don't butcher it again with a dull knife! We offer professional sharpening services twice a month at all of our locations. Our personal sharpening professional, Matt, provides sharpening for most any item in need of a sharp edge—cutlery, shears, scissors, garden tools, and more! He can even restore broken tips. His skills are diverse, training is extensive, and attention to detail is unmatched.

These convenient sharpening events will allow you to drop off your items the day(s) before, or come in and have your tools sharpened while you shop. The result is a high-quality, professional edge. (See store for pricing.)

Visit our stores during the following dates and times to have your knives sharpened on the spot. Or you can drop off your knives to be sharpened, and we will notify you as soon as they are ready.

WHAT'S IN SEASON

A Brined, Big Green Egg® Bird

Before refrigeration, brining was a traditional method of preserving foods, and it has regained popularity in recent years. A brine done properly can add both juiciness and flavor to a classic roasted turkey or one cooked a grill. Brining penetrates food more thoroughly than a marinade can, yielding a moister turkey, so you won't have

to worry about running out of gravy because your bird is dried out!

If you can't stand the heat, get out of the kitchen and cook your bird on a Big Green Egg. Usually the oven is a juggling act of pies, casseroles, and side dishes anyhow! Here's everything you need to know for a brined turkey cooked on an EGG®.

BRINE

- 1 gallon water
- 3 sprigs rosemary
- ½ cup brown sugar, firmly packed
- 1 cup kosher salt
- 1 navel orange rind
- 1½ onions, quartered
- 1 garlic head, halved

Pour the water into a large bowl. Add the brown sugar, orange rind, rosemary, salt, onion, and garlic. Mix until the sugar and salt dissolve. Remove the giblets from inside the turkey and reserve for another use. Rinse the turkey well. Place the turkey in a container large enough to hold the turkey and liquid. Pour the brine over the turkey, making sure it's completely covered. Refrigerate for at least 12 hours; however, you can brine the bird for up to three days.

Soak wood chips in water, wine, or any seasoned liquid you fancy a few hours before you will start cooking on your EGG.

HERB BUTTER

- 2 sticks butter, softened
- 1 clove garlic, minced
- 2 teaspoons chopped rosemary
- 2 teaspoons chopped sage
- 2 teaspoons chopped thyme

Remove the turkey from the brine and thoroughly dry. Rub the herb butter on and under the skin. Stuff the cavity with onions, lemons, garlic, your favorite herbs, and anything else you like.

Start your coals on your EGG and bring the temperature to 350°F. Add soaked wood chips to coals. Place a drip pan, filled with apple cider if you like, on a convEGGtor®, under the cooking grid. Place a V-rack on top of the grid.

Cook your turkey for 15–20 minutes per pound until it reaches an internal temperature of 165°F.

Post pictures of your perfect bird on Facebook and Instagram and hope that all of your side dishes came out just as yummy!

What you'll need:

5-Gallon Bucket: Perfect size for bringing large turkeys! (Sku 1147461, \$4.99)

Brining Bag: Designed just for brining. Works great to line your bucket. (Sku 640000, \$7.99)

Wood Chips:

Choose from assorted mesquite, apple, cherry, hickory, and pecan in 2.9-liter and 9-liter bags. (\$7.99–\$14.99)

ConvEGGtor: Designed to facilitate indirect cooking on an EGG, the ConvEGGtor provides a heat-directing

barrier between the food and the charcoal. (\$59.99–\$129.99)

Organic Lump Charcoal: Made from 100% oak and hickory wood,

this premium charcoal contains no by-products, chemical fillers, or petroleum additives. (Sku 870010, \$32.99)

V-Rack: Dual-purpose porcelain-coated V-Racks can be used upright to hold poultry and roasts or can be flipped to serve as an efficient rib rack. (Small: Sku 869081, \$29.99;

Large: Sku 869080, \$34.99)

Escali® Gourmet Digital Thermometer:

A long probe for easy measurements and comfort-grip handle ensure this premium thermometer is ready for prolonged use. (Sku 645241 **HOT DEAL \$14.99** Regular price \$19.99)

Warm Up with Envi™ Convection Heater

The stylish wall-mounted Envi panel heater is the most innovative and energy-efficient heater available.

The Envi is the world's first heater to use "stack convection technology" to evenly distribute the perfect amount of heat throughout a room while reducing your heating bills by up to 50%. Offering a safe, healthy living environment, especially for children, seniors, and pets because it cannot be tipped over, Envi's exterior shell always remains cool to the touch. And because the Envi does not use a fan, the days of worrying about dust and other allergen particles being blown into the air are a thing of the past.

The Envi installs on your wall in seconds using a

simple three-step process. No hassle, just clean, fresh, warm air. Simply mount to the wall, and the 120-volt plug-in heater draws cold air in, heating it rapidly to create a natural updraft of warm air. The cold room air circulates slowly through the heater, which produces an airstream that blankets the entire room.

Only 2 inches deep, the Envi heater sits nearly flush to the wall, creating no walkway clutter. No noisy fan means the heater is totally silent. Made in the USA. Dimensions: 19"W x 22"H x 2"D. (Sku 610051, \$139.95)

Tips from Our Garden Team: Bill and Any

Stop by our Cole Street garden center for all your gardening needs. The advice is free from Bill, our garden guy, and Any, formerly the garden guru at our Mission Street store. E-mail any questions: blitz@colehardware.com or any@colehardware.com.

Need something to relax you after a stressful week at the office and before the chaos of the holidays sets in? Nothing like a little yard duty to clear the mind and soul! While we hope to have rain in November, there should still be plenty of calm weather to work in the garden.

✓ **Weeds:** Cleaning up a little bit at a time is a lot easier than cleaning up all those leaves and debris in the spring. Keep weeds out so they don't take over your garden. After a rain, weeds are a lot easier to pull out from the damp ground.

✓ **Cleanup:** We have the perfect tool, the Black & Decker® cordless hard surface sweeper, to whisk leaves and debris into a corner. (Sku 7306434, \$99.99) Rake up with a versatile rake (Sku 7134448, \$15.99), and then pack leaves and debris into a sturdy compost bag for your weekly pickup (Sku 6065411, \$4.49). Or, add to your compost pile.

✓ **Spring Bulbs:** After you clean up outside, you'll have vacant spots for more plants and spring bulbs, which we have a wide selection of at COLE HARDWARE.

✓ **Ants:**

During rainy months, ants look for dry terrain, which may be inside your home. If you are being invaded by ants because of the rains, don't forget that we are your one-stop location for ant abatement, with our large selection of Terro® ant bait. (Sku 7105786, \$8.99) You'll be rid of the pesky little guys before the relatives arrive for the holidays.

✓ **Mice and Rats:** Should larger critters be visiting, we offer a selection of traps to help relocate those four-legged critters, including Tip-Trap live capture mousetrap. (Sku 754003, \$3.99) To get rid of rats, try the Victor® electronic rat trap. (Sku 7101058, \$49.99)

✓ **Rainwater:** Remember, you are cutting back on fertilizers and water now since the rains have arrived. Should you want to harvest some of this rainwater, COLE HARDWARE offers a number of nice rain barrels, including a 50-gallon model that is a nice size at 26-inches tall with a 29-inch diameter (Sku 7205396, \$99.99), as well as devices to divert the water from your downspout to the barrels for later use in your garden. The EarthMinded™ rain barrel comes with the diverter kit and offers a place on top for flowers or vegetables to grow. How cool is that?! (Sku 7439979, \$119.99)

✓ **Irrigation:** Don't forget to give your irrigation system one last

going over for any leaks. Should you need any parts, COLE HARDWARE has a large selection of Raindrop irrigation parts to help make those repairs.

✓ **Planting:**

November is a great time to plant azaleas, rhododendrons, and camellias.

See you in the garden!

Organic Gardening Workshop

Saturday, November 5, 10:00 am–12:00 pm
956 Cole Street • \$10

Our friends Colum of Malibu Compost and Stephanie of Espoma will be leading a class at our Cole Valley location on Saturday, November 5, on the benefits of home composting and organic gardening.

Composting is the decomposition of food scraps, yard trimmings, and soiled paper products into a rich, earthen material. It's excellent for enriching garden soil and houseplants. It's also a crucial way of reducing the volume of trash that we send to our landfills. As cities and counties across the state work toward a 100% waste diversion goal, it's a simple step to help pitch in. Organic gardening ensures that water runoff from gardens does not send harmful chemicals to our waterways, and ultimately into the Bay and ocean.

Malibu Compost offers compost and compost teas that repair your soil's ecosystem, save water, and serve as a source of humus for planting and managing soil health while also emanating energetic life forces to vitalize vegetables, plants, flowers, lawns, gardens, and farms.

Its line of Bu's Blend™ products are handcrafted from a base of dairy cow manure, which is laid in rows to mature and is treated with biodynamic preparations that contain plant materials and minerals designed to increase microbial life and nutrients in the soil.

Espoma's mission is to offer the highest quality, most effective, natural, and organic products for the lawn and garden industry. It achieves this by sourcing the finest and purest natural ingredients available; adhering to strict quality-control standards throughout the production process; and continually improving and testing its products so that they provide generations of gardeners consistent and superior results.

Space is limited, so sign up today! Your \$10 entry fee will get you a \$10 COLE HARDWARE gift card, a COLE HARDWARE fashion tote, and product samples to start your organic home gardening. Join us for an informative session to answer all of your home composting questions! Visit ColeHardware.eventbrite.com to sign up.

Holiday Gift Plants and Trees

Holiday gift plants and trees will be arriving at our stores this month. We will have freshly cut trees as well as live potted trees. Live trees can be replanted in your garden once the holiday season ends or after they grow too big for their containers.

Traditional holiday plants such as poinsettia, cyclamen, and amaryllis make beautiful hostess gifts. Check out the selection in our garden centers.

Available Driver: Retired gentleman can drive you (in my car) to medical appointments, grocery shopping, or on other local errands. I am dependable, very punctual, friendly with a good sense of humor, plus a fantastic reference list! I do what taxi drivers don't: wait for you in doctor's waiting room, help you shop (if needed), carry groceries/packages, etc. All this for only \$25 an hour (2-hr. minimum). Please call Bill 415/826-3613 or e-mail bill311@att.net. Thanks for reading my ad!

Bed and Breakfast San Francisco: Since 1978. We are accepting new bed and breakfast hosts. If you have a room or two, please join us. The most pleasant way to earn extra income. Use it to pay rent, your mortgage, or a vacation. Welcome guests from around the world. www.bbsf.com/signup.asp 415/899-0060

Cat Sitters Wanted: Ideal for retirees and seniors in San Francisco. Provide loving, safe care in your home for one or two cats while owner is away. Must have no other pets. Perfect for kitty lovers with feline experience. Jobs vary from one day to four months. Must be reliable, honest, and trustworthy! References required. Please call 415/333-1123.

Coins for the Community and Food Drive for Seniors

...continued from page 2

In September, our spare change collection raised \$725.17 and we added \$313.63 from our September 11 Happy Hour for Lyon-Martin Health Services, which provides excellent health care to women, lesbians, and transgender people. This brings our grand total to \$61,527.92 since we started this program, thanks to the generosity of our patrons.

Our October collection was earmarked to assist Dress for Success and Wardrobe for Opportunity, two organizations whose missions are to provide professional attire and support to disadvantaged women. We'll report on those numbers next month.

It's easy to donate to Coins for the Community! Simply drop your spare change in any of our collection jars or choose the "donate" option when you're checking out at any of our registers. Or bring in that old jar of pennies that's collecting dust on your dresser.

No Lamp Repair Downtown

Our lamp guru Gavin will be visiting his homeland of China for an extended period, so we will not be able to offer lamp repair at our downtown Fourth Street location at this time. We will let you know when Gavin is back and fixing lamps again. East Bay residents can take their lamps to our Rockridge location for repair.

Hello, North Beach and SOMA!

...continued from page 1

logistical side of our business, lost as well in the Mission fire. We are excited to be part of the SOMA community.

This month, we are working diligently at both locations, remodeling to make both new stores retail-ready. We hope to roll the store fixtures, equipment, and merchandise into both locations within a few months. If all goes according to plan, we'll be celebrating the opening of two new stores in the first quarter of 2017. Stay tuned to our website and e-mails, and of course the *Hardware Hotline*, for progress reports.

Recycle at COLE HARDWARE!

For Bay Area recycling resources, visit www.colehardware.com/recycle.htm.

Bring to any of our four stores:

BRITA PRODUCTS:

Includes filters, pitchers, bottles, and dispensers.

CELL PHONES:

Personal cell phones—batteries and chargers not required.

BATTERIES:

Rechargeable (NiCad, NiMH) and household (alkaline and carbon).

SPENT FLUORESCENT BULBS:

CFLs, tubes up to 8 feet, U- and D-shaped tubes. Drop-off limit is 10 bulbs.

OLD PAINT:

- Recycle dry, clean, empty metal paint cans through your regular trash pickup. The paint containers you bring to us should have paint in them!
- No handwritten labels can be accepted.
- Be sure that lids are SEALED ON TIGHT and containers are rust-free and don't leak.
- Please limit your drop-offs to no more than five 1-gallon-size containers (or 20 quart-size containers or a combination of both) at a time. Containers are counted by size, not by the volume of paint they contain.
- Take paint to the customer service desk.
- PLEASE, no brushes or rags!

PROPANE TANKS:

Small (14 oz. or 16.9 oz.), empty, nonrefillable propane cylinders only. Households only. Limit 5 per visit. (San Francisco stores only; cannot be recycled at our Rockridge location.)

SCRAP METAL:

Copper and brass.

EXPIRED PRINTER CARTRIDGES:

Must be in plastic bags to avoid leakage.

SOFT PLASTIC:

Clean plastic only. Households only. One basketball-size amount per visit, please.
