Coins for the Community Tops \$250,000!

As we embark on the tenth year of our Coins for the Community program, we are hitting the quarter-million-dollar mark! This is possible only through the generosity of our shoppers over the years. In December we collected \$5,942.22 for our friends at Groceries for Seniors and St. Paul's Pantry of Hope, two organizations

who work hard to ensure sure seniors in our community have nutritional food. Our January collection was earmarked to help restore the pagoda in the Japanese Tea Garden in Golden Gate Park, with funds administered through the San Francisco Parks Alliance. We will report on those numbers next month.

In February we will raise funds for our public libraries, a valuable community resource for everyone.

The Friends of the San Francisco Public Library and the Friends of the Oakland Public Library work hard to strengthen, support, and advocate for premier public library systems. Besides loaning books and DVDs, our public libraries offer reading, educational, and many other programs for children, teens, and the community. Although nearly everything is available to most of us on the internet at the push of a button, our libraries still have a lot to offer. The Oakland library even has a program that allows you to borrow tools! Please help us support them.

It's easy to donate to Coins for the Community. Simply drop your spare change into our collection jars or choose the "Donate" option when you're checking out at any of our registers. Or bring in that old jar of pennies that's been collecting dust on your dresser!

Enjoy a glass of our Cutting Edge wine and a great deal at our Rewards Member Hardware Happy Hour. Have your New Year's resolutions slipped by the wayside? Get back on track with a Vitamix or citrus juicer. Working on a home improvement project? Stock up on all the supplies you need to get underway. Or just come in for a drink on your way to dinner!

Blackout Buddy

This emergency LED blackout flashlight automatically turns on when the power goes out. Just leave the slim, trim Blackout Buddy in your wall socket and you'll never be in the dark. The night-light keeps hallways, kids' rooms, and bathrooms softly illuminated at night. When the power goes out, simply fold up the prongs and you've got a handy-dandy, super-bright single-LED flashlight. When it's fully charged, you'll have up to four hours of illumination. As a night-light, the Blackout Buddy Color is motion-sensitive. When all is still and it's time to fall asleep, Blackout Buddy Color night-light fades off. When you get out of bed, the motion sensor will turn on the night-light to illuminate your path. (Sku 3002319, \$14.99)
